DISTRICT BUDGET MAY EXCEED \$15,000,000

In the budget sent yesterday by the Commissioners to the Secretary of the Treasury for transmission to Congress, it is believed the figures will exceed those of last year, which called for \$13,841,264. An appropriation is urged for the beginning of work on a new municipal hospital. This item was not granted last year mainly because of the protests of residents in the vicinity of the proposed location.

Purchase of the Dean and Patterson parks is advocated. It is pointed out that the ground could be used by four high schools.

Political Notes

New York, Oct. 14.—John M. Parker, Progressive candidate for Vice President, in a speech at the Biltmore Hotel this afternoon, took a bitter fling at Col. Theodore Roosevelt and urged the re-election of President Wilson.

The reception, at which the speech was made, was a notification meeting as Mr. Parker had never been officially informed of his nomination.

Progressives were present from different parts of the country.

Mr. Parker said he did not seek the nomination, adding: "I do not in the slightest degree regret my action and infinitely prefer to have been one of those who were duped by over-confidence rather than by being put in the position of violating a sacred trust and again work arm in arm with men bitterly denounced in 1912 as guilty of most of the political crimes on the calendar and as men who were a menace to the future welfare of America."

Shadow Lawn, N. J., Oct. 14.—In a letter he sent to Governor Whitman, of New

York, made public here today, President Wilson declares that the "emergency" which caused the National Guard to be called out and sent to the Mexican border still exists and that all of the National Guard troops cannot be withdrawn from the border at this time. "The emergency which led to the call of the militia was defined in my call of June 15, the possibility of aggression from Mexico and the protection of our frontier," the letter stated.

"This emergency still unhappily exists and I am advised by the military authorities that the withdrawal of the militia at any time from the date of the original call up to and including the present, would in all human likelihood have been followed by fresh aggressions from Mexico upon the lives and property of the people of the United States."

New York, Oct. 14.—"Woodrow Wilson will carry Massachusetts if he polls the normal Democratic vote," was the assurance made here today by Matthew Hale, acting chairman of the Progressive party. Hale was here for the notification meeting for John M. Parker, Progressive candidate for the Presidency.

"At least 50 per cent of the Progressives in Massachusetts will vote for Mr.

Wilson," added Hale. "Four of the five men who helped organize the Progressive party in that State have swung their support to the President. The manufacturers are almost solidly supporting Mr. Wilson and he will get a great labor vote in my State."

DEPENDS MEXICAN POLICY.

California Investor Comes to Support of Wilson.

Los Angeles, Oct. 14.—J. S. Torrence, of Los Angeles, capitalist, heavy investor in Mexico, and founder and owner of the city of Torrence, Cal., in a statement approving President Wilson's Mexican policy, says:

"President Wilson's Mexican policy is absolutely the right one. I am intimately familiar with the Mexican question, and can speak with a personal knowledge of the situation. The company in which I am interested owns the Palamas ranch in the state of Chihuahua, Mex. We purchased the land at 40 cents an acre, when lands of the same character on the American side of the border were selling for from \$4 to \$10 an acre."
